HAPPY PRIDE MONTH

PGW AWARDED \$75 MILLION INFRASTRUCTURE SAFETY GRANT

A \$75 million federal grant will accelerate PGW's Main Replacement Program and significantly reduce methane emissions, improve safety, and enhance service reliability.

This \$75 million grant will allow the replacement of an additional 40 miles of cast iron main. The grant, funded by the Bipartisan Infrastructure Law, will help PGW meet our 2050 goal of reducing methane emissions by 80 percent.

"This award also delivers **real bill savings to PGW customers** by reducing the financial costs related to upgrading existing pipelines and performing ongoing maintenance costs of aging infrastructure," PGW President & CEO Seth Shapiro said at the announcement.

Summer Savings

Keep your family cool and your utility bills lower with these energy savings tips:

SET thermostat to 78 degrees and raise setting a few degrees when away from home. Get a programmable thermostat at PGW Marketplace.

AVOID placing lamps or TV sets near your room air-conditioning thermostat.

INSTALL window coverings to keep your home cooler during the day.

USE ceiling fans when you are in the room.

LOWER the temperature setting of your water heater to 120 degrees fahrenheit.

SELECT the automatic cycle on your clothes dryer.

WASH full loads in washers and dishwashers.
